

Work Group Two Mental Health Clinicians

1. What type of mental health clinicians do you currently employ? What open positions do you have?
2. What are the biggest challenges to recruiting mental health clinicians?
3. What are the biggest challenges to retaining mental health clinicians?
4. What community partnerships can fill care gaps or build these bridges?
5. How can you use options like telehealth in your state to have more access to mental health clinicians?
6. What resources or training do you need around this issue?
