Data Profile Review Worksheet
April 11, 2016

<u>Individual Profile</u>

1) Which data points have blue flags?

2) What could those data points with blue flags mean/represent?

3) What other data points are close to being outliers compared to national benchmarks?

4) What challenges or opportunities might a health center have based on this data profile?

<u>Consortia Aggregate Report</u>

5) What data points are most frequently flagged for all health centers in that group?

6) What major regional issues may have affected the trends within the group?

7) What specific workforce challenges or opportunities are the most important in this group?
