

Recruitment & Retention Issues Worksheet

April 11, 2016

- 1) Based on the data and your knowledge, what are the top 3 recruitment and retention issues for health centers in your consortium?

- 2) What successful health center workforce practices or strategies are you aware of?

- 3) What issues could you address at a consortium level through programs or new initiatives?

- 4) What are the biggest administrative, financial, or other barriers stopping health centers from implementing changes to their recruitment and retention plan?

- 5) How can you use the information from the data profile to identify specific recruitment and retention issues?

- 6) Did you hear any new ideas today? If yes, which ones could you develop at a consortium level? If no, what concrete issues would you like more information about?
