

Data Profile Review Worksheet

- 1) Which data points have blue flags?

- 2) What could those data points with blue flags mean for your workforce?

- 3) Are there other data points close to being outliers compared to national benchmarks?

- 4) What surprises do you see in the data?

- 5) Using the state report, which data points are most frequently flagged for all health centers in Georgia?

- 6) What major state issues may be affecting a lot of health centers in Georgia?

- 7) How could the PCA assist you or a group of health centers with these challenges?
