Data Profile Review Worksheet

<u>Individual Profile</u>

1) Which data points have blue flags?

2) What could blue flags on those data points mean for recruitment/retention?

3) What other data points are close to having blue flags compared to national benchmarks?

<u>State Aggregate Report</u>

4) What data points are most frequently flagged for all health centers in your state?

5) What major challenges or opportunities might affect that data trend in the state?

6) How could you work with your PCA to address some of the most-flagged issues?
