Register:

- Please complete this [online registration](#) form to register for this session. There is not registration fee for this session. However, participants are responsible for their own hotel accommodations, transportation, and meals.
  - If you have any questions or concerns as part of the registration process, please contact Mariah Blake at mblake@clinicians.org

Plan Travel:

- We have secured a group rate at the Residence Inn by Marriott Sacramento Downtown at Capitol Park for $209.00 per room, per night plus 16.17% occupancy tax.
  - To access this room rate, please visit the hotel website [at this link](#), which takes you directly to our group rate page. Please note that you will need to book your hotel room by the April 28th deadline in order to receive this rate.
- Recommended Hotel: Residence Inn by Marriott Sacramento Downtown at Capitol Park
  - 1121 15th St, Sacramento, CA 95814
- Meeting Space: California Primary Care Association
  - 1231 I Street Suite 400, Sacramento, CA 95814

Prepare:

- The STAR² Center team will share a detailed agenda closer to the face-to-face session date.
- A tentative schedule for the session is included below:
  - May 19
    - 9am – 4pm
      On the first day of the meeting, participants will build their workforce training and technical assistance expertise in two areas: adaptive leadership and health professions trainings. By understanding the adaptive leadership framework, PCAs can better equip health center leaders in tackling unproductive patterns that may be contributing to staff turnover. The second part of the day will focus on health professions trainings as a recruitment strategy. Conversation will include the PCA’s role and key outputs for success.
  - May 20
    - 9am-3pm
      On the second day of the face-to-face meeting, we will use ACU’s Core Components of a High-Functioning Health Center to identify gaps in workforce training and technical assistance programs and develop action plans to build more robust support for health centers. Expect a highly interactive day with plenty of small group discussion and activities!
